

## Proposed By-Law Changes For Appendix “A”

### Motion to Add to Appendix “A” an additional Fee

1. Appeal Fee of \$100. Should an applicant be successful in their appeal the fee is 100% refundable.

#### Rationale:

A fee to request an Appeal is not meant to act as a deterrent to requesting a review, it is meant to encourage an applicant to think prudently before requesting a review of decision. The fee also helps defers some of the NSCSW’s costs for administration of an appeal away from membership fees towards the individual requesting the review of a decision. The fee is refunded to the applicant in the event the applicant is successful at the Registration Appeal Committee.

### Motion to add to Appendix “A” an additional Fee

2. \$50 Electronic practice fee for registrants of another Canadian jurisdiction.

#### Rationale:

The Board of Examiners is in the process of updating its Electronic practice policy for registrants of another Canadian jurisdiction, to align more closely with other Canadian jurisdictions and to better protect the public. The new policy will allow registrants from other Canadian jurisdictions who have similar criteria for registration as Nova Scotia to register with the NSCSW for a partial fee of \$50. Applicants will be restricted in their practice and exclusively to electronic social work practice to clients in Nova Scotia delivered from a Canadian jurisdiction other than Nova Scotia.
